Unregistered Firearm Deadline Nears

By Sept. 30, all U.S. citizens with privately owned firearms in Germany must have the guns licensed by the German government, stored in a unit arms room or Rod and Gun Club or shipped to the United States. The U.S. Army Europe's firearms registration card, AE Form 190-6B, is no longer valid under German law as the only basis for possessing, acquiring or using firearms.

Weapons can also be destroyed or donated. Firearms can be donated to the Rod and Gun Club or turned in to the Military Police or German Polizei. Individuals who turn in an unregistered gun before the deadline will not have charges brought against them. For details call the Firearm Registration office on Panzer Kaserne at 431-2833/civ 07031-15-833.

Dependent Education Survey Results

The results of EUCOM's 2002 Dependent Education Survey show that since 1999, satisfaction with DoDDS-Europe schools has increased 76 percent. More than 89 percent of respondents whose children attend DoDDS-E schools were satisfied with the overall quality of education. The majority of parents believe their children are in a safe learning environment with a strong curriculum and quality teachers.

Survey results also indicate that parents want more communication and opportunities to address issues and concerns with their child's education. Parents expressed an interest in more extracurricular and academic options for their children, especially the expansion of athletic programs. Parents were dissatisfied with discipline in the school system, and will support stricter enforcement of current student rules. For more information about the survey, the EUCOM educational environment for your child, or cannot resolve an issue through formal channels, e-mail schools@eucom.mil.
